VOL. CXXXVI.—No. 208. ALEXANDRIA, VIRGINIA, TUESDAY, AUGUST 31, 1920. PRICE TWO CENTS

HAPPENINGS ABOUT CITY TOLD IN BRIEF

Sarepta Lodge of Odd Fellows tomorrow night will confer the initiatory degree of the order.

Through E. E. Carver and Company, real estate dealers, Mrs. Grace B. Rush has purchased from R. B. Gills and wife a house and lot on Bellfonte Avenue, Del Ray.

An important meeting of the alumnae of St. Mary's Academy will be held at 7:30 o'clock Thursday night at that institution. All members are urged to attend.

Mr. and Mrs. William B. Smoot have returned to their home in Prince street, after spending the month of August at Rockland Breakwater, Maine.

The Giants defeate dthe Nine Stars yesterday by a score of 5 to 4. Emmett Kelley pitched well, and Maurice Berman starred at first base.

Miss Effie Hughes and Miss Florence Hughes, of Braddock Heights, are spending two weeks at Atlantic City, and before their return home will visit friends in Baltimore.

Little Miss Katherine Bagot and Master William Bagot, accompanied by their cousin, little Miss Dorothy Bagot, are the guests of their cousin, Miss Rosalie Underwood, in Accokeek, Md.

Mr. and Mrs. Joseph Palmer, and Mr. Joseph T. Padgett, of North Braddock, accompanied by Mr. and Mrs. James Wright, of Washington, are on a motor trip to Chester, Pa., and Atantic City, N. J.

Funeral services for Mrs. Mary E. Shumaker, who died yesterday at 314 North Pitt street, will be held at 9 o'clock tomorrow morning at Demaine's funeral chapel and the body will be awarded to Timberville, Va., for burial.

Alexandria Post No. 24, American Legion, at a meeting last night elected O. Ashby Reardon and Gilbert J. Cox Jr., delegates to the state convention which will convene in Richmond this week and the alternates named are J. Kenneth Aitcheson and John T. Worthington. The local delegates will go uninstructed.

The Dreadnaught Athletic Club will hold a meeting tomorrow evening at 7:30 o'clock when plans for the approaching football season will be formulated. All members who desire to play on the team are expected to be present at this meeting, and bring whatever football equipment they have.

Martha Washington Chapter, Order of the Eastern Star, is giving a picnic today at Snowden's station, on the line of the Washington Virginia Railway, and a number of people from this city are expected to attend the affair this evening. Music will be furnished by the Citizens' Band and the evening will be spent in dancing. Refreshments will be served.

Lines Indicted

Conspiracy In Restraint of Interstate And Foreign Trade Alleged

New York, Aug. 31.—Forty-two steamship companies and freight brokers, including virtually all the big transatlantic lines, were indicted by the Federal grand jury here today on charges of conspiracy and restraint of trade in violation of the Sherman Antitrust law.

The indictments included the International Mercantile Marine, Atlantic Transport, Cunard Steamship Companies, Ltd., Anchor Line, Booth-Compagnie Generale TransAtlantique Kerr Steamship Company, members of the transatlantic Associated Freight Conferences and directors of the Steamship Freight Brokers' Association.

SPECIAL
Fresh country eggs. dozen, 60 cents; country butter pound, 60 cents; spring chickens, pound, 50 cents. J. E. PURCELL, 117 South Henry St. Phone 567-W. 207-2c

BLOOD TRANSFUSION ONLY CAN SAVE LORD MAYOR

London, Aug. 31.—King George today refused to intervene in behalf of Terence McSwiney, Lord Mayor of Cork. Lord Stamfordham, the King's secretary, sent a letter to Horatio Bottomley, M. P., saying that King George took the view that it would be unconstitutional for him to intercede in behalf of the Lord Mayor.

"It would be dangerous for the sovereign to make such experiments with the constitution," said the letter.

LABOR ASKS PREMIER TO SET McSWINEY FREE

London, Aug. 31.—The council of action, made up of representatives of various trade unions this afternoon appealed to Premier Lloyd George to release Lord Mayor McSwiney of Cork. It was declared that the death of the lord mayor would make the solution of the Irish problem more difficult."

N. Y. "CHICKEN" STRIKE IS GATHERING HEADWAY

New York, Aug. 31.—New York's "chicken strike," which started Thursday morning, gathered headway yesterday. Hundreds of women picketed shops in Jewish sections of Manhattan and in the Bronx, persuading prospective customers not to buy. About forty retailers, acting with the strikers, placed no chicken on sale. In many shops the price dropped from 46 to 40 cents a pound during the day. A week ago the price in the same shops was 55 cents.

Five retailers bore out the statement of Mrs. Rose Elias, leader of the picketers, that wholesalers were responsible for the high price of "kosher" chicken. All the dealers questioned agree that wholesale prices were from 15 to 20 cents a pound higher than the weekly quotations at Washington Market.

They assert wholesalers stifle competition by driving every independent market out of business or buying it.

CHILD BORN IN CELLAR AS WIND STORM RAGES

Marion, Ill., Aug. 31.—Windows rattled and buildings shook.

Mr. and Mrs. Richard Eckhold and family fled to the cellar.

An electrical and wind storm outside flashed great lights in the sky and blew unanchored objects to the four winds.

In the height of the storm Mrs. Eckold became ill. Shortly afterward she gave birth to a child.

When the storm subsided Mrs. Eckold and the infant were carried into the house.

LADIES OF MOOSE ENTERTAIN

The Ladies Legion No. 378, gave a reception last night in their hall in South Royal street to the members of the Loyal Order of Moose, No. 1076.

During the evening the dictator of the Moose was presented with a handsome silver cigarette case and the Senior Regent, Mrs. Eva Sims, was presented with a beautiful bouquet of flowers, and addresses were made by H. F. Chichester and Mrs. Angevine, past regent. Music was furnished by the Citizens Band. Refreshments were served by a committee of the ladies and a most enjoyable evening was spent.

Rush To Pay Taxes

Tax Collector Kept Busy Today—Last Day for Discount

This was the last day for the payment of corporation taxes in order to obtain the discount. As a result the office of City Tax Collector P. F. Gorman has been crowded all day and it is expected that the rush will be continued throughout the remainder of the day. Those who pay by the closing this afternoon obtain the discount of five per cent permitted for prompt payment.

SCHOOL PERMITS

School permits will be issued at Lee School Building commencing Tuesday morning, September 7th, 1920.

Permits will be issued to white children Tuesday and Wednesday.

Permits for West End School will be issued Thursday.

Permits for colored children will be issued Friday and Saturday.

Every child who expects to attend the schools must present tax receipts.

Mr. Wingate Summers will have charge if issuing permits.

Gilbert Cox,
207-3c. Clerk of School Board.

REDS MAKE HEADWAY IN DRIVE ON LEMBERG

Budenny's Force Moves Slowly Toward Zamosc Despite Resistance

VIEWS OF PILSUDSKI

President of Poland Declares Allies Line is Useless for Defense—Italy Agrees With U. S.

Warsaw, Aug. 31.—An official communication issued last night says that General Budenny's drive, designed to cut the Polish front, has made further progress. The Budenny forces are moving slowly in the direction of Zamosc, northwest of Lemberg, despite Polish resistance.

The fighting in Galicia has taken a favorable turn for the Poles, according to the statement. The Poles in Galicia have occupied a series of places.

President Pilsudski, in a statement to the Polish press, declares that the front designated by the Allies on December 8 as Poland's eastern frontier is, from a strategical point of view, worth nothing to the republic.

"At several points in the region of Brest-Litovsk," he says, "we have already crossed the Allied line in the north we are approaching it. To halt on this line, dig trenches and create a state of defense means that we

(Continued on Page Three)

PERU THREATENS WAR UPON CHILE

London, Aug. 31.— Peru is threatening war against Chile, according to an Exchange Telegraph dispatch from Rome today, quoting the Chilean charge d'affaires, Dr. Anina.

The Chilean diplomat notified the Italian government that Peru is buying arms and munitions from France and is massing 35,000 troops on the Chilean frontier.

According to the Exchange Telegraph correspondent, the Chilean charge d'affaires alleges that a steamer bearing arms and airplanes, is at Hamburg, ready to sail for Callao.

CANADA NOW THIRD IN SHIP BUILDING

Montreal, Que. Aug. 31.—Since the outbreak of the war, Canada has become the third shipbuilding nation of the world. Figures for 1918-19 show that $60,000,000 was invested in the industry. The number of plants was 204, of which ninety were ship building and 114 boat building. Nineteen plants were turning out steel vessels of a tonnage as high as 10,000 deadweight tons.

Of the total number of plants seventy-two were in Nova Scotia, sixty nine in Ontario, twenty-six in British Columbia, twenty three in Quebec six in New Brunswick, four in Manitoba, two in Prince Edward Island and two in Alberta. The number of men employed was 22,486 receiving wages amounting to $27,148,628.

Dies While On Visit

Frederick Deike, Brother of Mrs. H. P. Wilson, Expires at Hospital

Frederick Deike, forty-five years old, brother of Mrs. H. P. Wilson, of Hollin Hall Farm, Fairfax Co., died yesterday afternoon at the Alexandria Hospital after a short illness. The deceased was unmarried and a resident of Oakland, Cal. He recently came here to visit his sister.

His funeral will take place at 4 o'clock this afternoon from Demaine's funeral chapel. Services will be conducted by Rev. Edgar Carpenter, rector of Grace Episcopal Church, and burial will be in the Presbyterian cemetery.

NOTICE

All boys between 16 and 17 years of age who wish to play football with the Destroyer Athletic Club, will please report to Captain James Faulkner, at 6 o'clock Wednesday evening, on the High School grounds. 208-1p.

BANKER HELD

Charles F. Toomey, Assistant Secretary of Fidelity Trust, Said to Have Confessed to Theft

Philadelphia, Aug. 31.—Charles F. Toomey, an assistant secretary of the Philadelphia Trust Company, was arrested yesterday on charges of embezzling over $300,000 from an estate handled by the bank.

"Well, I expected to be arrested, and am glad it is all over," said Toomey, as he was approached by Joseph Le Strange a city detective.

Toomey returned today at his home after two week's vacation with his wife at Lake George and Lake Champlain, where, it is said, they visited the most expensive hotels. When arraigned before Magistrate Cecleary at Central Station he was held in $25,000 bail for court.

According to the bank officials and city detectives, Toomey confessed taking the money and gambling most of it away. They said he started with small amounts meaning to pay back each "loan," but gradually got in deeper and deeper until he realized there was no hope of "squaring matters."

After his arrest yesterday morning, as he was about to enter a barber shop, he went with the bank officials to the trust company's offices and went over the books. Harold E. Beitler, of counsel for the bank, stated:

"They say he used the money for betting on horse races at Saratoga, Havre de Grace and this city. His wife knew nothing of his alleged speculations."

Several hours after his arrest his brother was notified. He was present at the hearing and afterward left to notify Mrs. Toomey.

Toomey is 49 years old and has been with the trust company for 26 years, having worked up from the position of office boy.

LEGS PAINTED, NO SOCKS STYLE FROM GAY PAREE

New York, Aug. 31.—As the French line steaships Savole docked yesterday fellow-passengers registered amazement in various ways. Some women smiled, others appeared shocked, while more of them simply stared. None of the men seemed shocked—they all smiled and stared.

The cause was Claras, a young modiste, of 2770 Broadway, returning from a trip to Paris, where she studied the latest styles.

Wearing no stockings, or even socks, her daring was accentuated by very little skirt. Her face arms and legs were "covered" with henna powder which is vogue in Paris.

"I didn't mean to shock anybody," explained Claras. "I was trying to give people an impression of the way women of the Parisian boulevards, the Riviera, and other fashionable places dress."

But the commotion she caused quite unnerved the modiste and she hastily got from a bag a pair of flimsy silk hose and put them on.

"French women are now dressing terrifically." Claras asserted. "They are wearing no stockings at all. The keynote of the fashions is abbreviation. This is carried to the extreme in street gowns, frocks and formal attire. Bathing costumes are even more daring, if possible."

French women, she said, are using the henna powder not only on their faces, but also on bare arms and legs.

HOLDS BACK 45 MILLION LBS. SUGAR; NO MARKET

Boston, Aug. 31.—Henry Worcester, vice president and general manager of the Revere Sugar Refinery, testified at the sugar inquiry before State Attorney General Allen yesterday that his company had 40,000,000 pounds of sugar on hand and 40,000,000 more in prospect, but had made no sales for three weeks because there was "no market."

Former Resident Killed

G. H. Brown, Former Resident, Buried Here

The funeral of George H. Brown, 57 years old, a former resident, who was killed several days ago at Darlington, S. C., when a piece of timber fell on him, took place this afternoon at 3 o'clock from Demaine's funeral chapel. Services were conducted by Rev. Edgar Carpenter, rector of Grace Episcopal Church. Burial was in Ivy Hill cemetery. At the time of the accident the deceased was engaged in constructing a big steel tank. Mr. Brown is survived by two children.

MRS. SHEPPERSON FIRST TO QUALIFY

Has Distinction of Being First to Pay Taxes To Vote

SEVERAL WOMEN PAY

Expected That 1000 Alexandria Women Will Pay Taxes and Register —To Vote Next November.

The distinction of being the first woman in Alexandria to pay her poll taxes and register goes to Mrs. Dolly P. Shepperson, of this city, a well known newspaper woman.

Mrs. Shepperson yesterday afternoon appeared before Commissioner Charles H. Callahan and was assessed and then paid her head tax of $1.50 to City Treasurer Thomas W. Robinson and today registered with George A. Harlow, registrar of the second ward.

Mrs. Shepperson is now qualified to vote in the coming presidential election. Mrs. Shepperson is an ardent democrat and will cast her first vote for Cox and Roosevelt.

Mrs. Shepperson although not an advocate of woman suffrage says that she thinks it is the duty of all women, now that they have obtained suffrage, to pay their taxes and vote and thereby take an interest in affairs of the country.

Since Mrs. Shepperson paid her taxes yesterday afternoon others have paid Treasurer Robinson and it is expected that there will be at least 1,000 women to qualified to vote in the coming election.

The city treasurer stated today that he expects to be deluged with females paying their taxes.

The fact that women will vote in the coming election has upset the calculations of the politicians and well known local politicians say that for a time at least they will be unable to make any prognostication of how the vote will run in Alexandria.

NEW CITY DIRECTORY

Contains About 11,000 Names of Persons Here and Surrounding Country

The new city directory, just delivered in this city, gotten up by Hill and Company, contains approximately 11,000 names. Included in this list are the names not only of residents of Alexandria but of the surrounding country. This, therefore, means that in Alexandria and surrounding country the population is about 27,000. The average directory man estimates that two and one half times the number of names in a city directory will give a fair approximate of the population. The work of delivering the new directories is being done under the supervision of R. M. Kivett, Richmond.

This year's directory contains a number of new features including street guide, showing householders arranged alphabetically and considerable other data among which is a list of the Alexandrians who lost their life in the world war.

Council Tomorrow

New Mayor to Assume Office at Noon and Address Council

The new city council and new mayor, James M. Duncan, will be inducted into office at noon tomorrow. Both branches of city council will organize with the election of a president, vice president and other officers. A joint session of city council will be held and the newly elected mayor will address that body.

The first business meeting of the new city council will be held September 14 at which time committees will be announced by the presidents of each of the respective boards.

TEACHER OF EXPRESSION—Will open classes Monday, September 20th, those interested address Box 3,000, Gazette Office. 208-tf

FOR SALE—1-2 gallon fruit jars. 80 cents a dozen. J. C. Tutt. 1000 King street. 208-1p

ASKS TOURISTS TO AVOID CHAPPAWAMSIC SWAMP

State Highway Commissioner Geo. P. Coleman yesterday sent out a warning against travel over the Richmond-Washington Highway until after Thursday on acount of continued bogging at Chappawamsic Swamp north of Fredericksburg. Commissioner Coleman said that if it was absolutely necessary to go over the road, every effort would be made to help the tourist over the difficult section but every vehicle that passes over the fill at this time increases the difficulty of travel and the work of putting the road in condition. Request is made that tourists going to Washington detour at Fredericksburg and go by way of Hardwood, Bealton, Warrenton, Centerville and Fairfax.

This detour increases the distance about thirty-five miles, but, while the road is rough in places, the traveler can get over it without serious difficulty.

Work on Chappawamsic Swamp fill is being pushed as rapidly as possible, and if the clear weather continues it is hoped that it will be in condition for safe travel by Thursday.

OYSTERS DUE TOMORROW

Supply Plentiful, With Prices Reported Not Advanced

We will have with us again, beginning tomorrow, the luscious bivalve, known as the oyster. Oyster planters say the crop this year will be unusually good, and they are prepared for the official opening of the season tomorrow. It is generally conceded that the oyster is at its best in the months the names of which contain an "r."

One planter said yesterday the oysters this year are among the best he has ever seen and he declares the supply will be ample for all ordinary demand. The price is expected to be about the same as last year.

ISLAND IS SWEPT BY TIDAL WAVE; 200 DROWN

London, Aug. 31.—Two hundred persons have been killed upon Saghalien island by a tidal wave, according to a cablegram from Tokyo today.

Labor Day Picnic

Neighboring Sunday Schools Invited to Participate

The Ladies' Auxiliary of the Y. M. C. A., at its regular monthly meeting at the Westminster Building last night decided to invite all of the neighboring Sunday Schools of this district to the big Labor Day picnic at the George Mason High School.

Mrs. Harry B. Caton, president of the Auxiliary, stated that since the picnic was to be purely a democratic one and since the Arlington county board of education had been kind enough to place the school property at the disposal of the auxiliary she felt that it was only the proper thing to do to include in the festivities all of the youngsters of the county as well as those of the city schools.

Mrs. Caton wishes this to be an urgent invitation to all of the schools of the county, especially those immediately adjacent to the city, to participate in the picnic and feel that it is their picnic as well as though they had actually participated in the contest for attendance during the summer. She asks that the Sunday School superintendents announce this in the schools next Sunday.

It was developed at the meeting last evening that rapid progress has been made in the preparations for the picnic and by the middle of the week the auxiliary will practically be ready to stage the show. Arrangements are being made to haul the victorious school out to the picnic grounds and the dinner is to be served at 12 o'clock promptly.

A program of sports is being arranged for all ages and even quits are to be provided for the men who do not want to play "drop the handkerchief." A ball game is on the list of events and tennis and volley ball nets will be up and those enthusiastic over these games are expected to bring their rackets and enjoy the game to the limit. The program of sports is to be published as soon as it is completed.

WILSON ANSWERS MINERS ULTIMATUM

Meets Challenge and Signs Wage Report

MUST FULFILL PLEDGE

Grants Pay Increase of Seventeen Per Cent From April 1, 1920—Total Increase $85,000,000.

Washington, Aug. 31.—President Wilson gave a swift and pointed answer today to the ultimatum of the hard coal miners, who, having insurged against the union officials, threatened to strike unless the 31 per cent increase in wages is granted, when he approved and made public the majority findings of the Anthracite Coal Commission granting the mine workers a basic increase of 17 per cent, from April 1, 1920, recognition of the union and certain other important concessions.

The increased wages will approximate $85,000,000 a year and $18,000,000 in back pay.

Replying to threats from the miners that they would stop work September 1 unless the minority report of the commission, recommending a higher award than provided in the majority, were accepted, the President stated definitely that the majority award would not be set aside.

The majority report of the commission, signed by W. O. Thompson, president of Ohio State University, representatives of the public and chairman, and by W. L. Connell, of Scranton, Pa., representing the operators, granted wage increases of 20 and 17 per cent. above present wage scale. The 20 per cent. wage ncrease was awarded contract miners and the advance of 17 per cent. was recommended for company miners, monthly men, miners' laborers and consideration miners.

The President also made public the minority report, signed by Commissioner Neal J. Ferry, the miners' representative, which deplored the failure of the board to grant the full demands of the miners, recommended a minimum wage of $6 a day for adult day laborers and an increase of 31 per cent for contract workers.

Quickly following the announcement of the award, which provides that the scale committee shall write the findings into a binding contract for a two-year period, Secretary of Labor Wilson sent a telegram to the two committees requesting them to meet in joint session at Scranton on September 2 to draft and sign the new wage contract in the anthracite fields.

Interest of the general public in the award centered largely in the effect of the increases in wages on the price of hard coal. Taking cognizance of this, the commission said that, while making substantial improvement in the situation of the miners, it had tried to be conservative and had declined to commit itself to a decision that might justly be considered an encouragement to the so-called "vicious upward spiral" in prices. The result, the commission said, was that the awards, while providing improved conditions for the workers, could offer no justification for any advances in the retail prices of coal.

"The award has not passed a great burden along to the consumers of coal," the report asserted. "Any sharp advance in the retail price of coal could not be charged to the operators, the miners or the award."

In refusing the request of the miners for acceptance of the minority report, as made in a telegram sent through their local representatives, the President called attention to a resolution adopted by the miners in convention agreeing to accept the findings of such a commission as he appointed.

"By all the laws of honor," the President says, "that pledge should be fulfilled."

(Continued on Page Three)

NOTICE

All persons having bills against the committee on arrangments for the Firemen's Convention are requested to present same at ofice to the chairman, care of Graham and Ogden. 207-2t.

Alexandria Gazette AND VIRGINIA ADVERTISER

PUBLISHED EVERY AFTERNOON Except Sunday
By the Alexandria Gazette Corporation
317 King Street, Alexandria, Va.

EDWARD W. SMITH, President and Treasurer
WILLIAM A. SMOOT . . Vice-President
MICHAEL T. DWYER ..... Editor

Entered at the Postoffice at Alexandria, Virginia, as second class matter.

ATTENTION LADIES!

Before going to register to vote look through the musty pages of your family Bible and be sure that you find your correct age. The registrar asks the age and place of birth, and how long you have been a resident of the city. There can be no quibbling about the age question, for you most solemnly swear that to the correctness of all the answers given. It is really a horried thing to tell some man, unknown to you, your age, but really and truly you will have to do this in order to vote and the worst feature of it all is that you will have to swear to it.

It is to be regretted that the law makers did not put in some provision that a woman simply had to swear that she was 21 or more years and this exposure of ages of the gentle sex would not become a public record. After the woman start to vote something along this line will undoubtedly will be put into the constitution goes without saying and the young maidens now budding into votehood will be saved the embarrassment of telling their ages to the registrars.

HARDINGIANA

Senator Harding in his speech Saturday favored as a substitute for the League of Nations a "society," or "association," or "league of free nations," to act as a great "judicial tribunal." As nearly as it can be identified from his description of it there is precisely that sort of judicial tribunal now being constructed as a part of the machinery of the League of Nations. But he will have nothing to do with it because of its connection with the League of Nations. He prefers to set up a new tribunal and to obviate any objection to it on the score of its impotency because of its lack of teeth he proposes to appropriate for it the League tribunal's teeth. He won't's have the League tribunal but he'll take its teeth, although his own tribunal furnished with the League tribunal's teeth, so far as he makes himself understood would be the same thing as the League tribunal with its own teeth.

How he does abominate that "Wilson". Big League, whose teeth and any other serviceable belongings he is willing to confiscate in fitting out his Bush League. He opens his speech by denouncing it because, he says, if we had been a member of it we should have been compelled to go to war in defense of Poland. Of course we should have had to do no such thing. The Council of the League could not even "advise" (and advise is the most it can do) anybody to go to war without a unanimous vote, and as we should have a vote in the Council we could not be advised to resort to force without our consent.

If we should be called upon to go to war, he explains, we should have to do so or "welch." "The American people," he declares, "would never permit a repudiation of a debt of honor. No Congress would ever dare make this nation appear as a welcher, as it would appear and would be in such an event before the eyes of the world." It is to be hoped that no future Congress would make the nation appear as a welcher. but how well founded is that hope in view of the fact that the Senate of the present Congress has done that very thing?

Condemning in one part of his speech the League of Nations because it is an instrument of oppression of the weak by the powerful, he condemns it in another part because "it is utterly impotent." "It is so obviously impotent that it has never been tried." At the same time he would not have us enter it because it would take our liberties away.

He scoffs at the impotent League as not worth joining because it does not function, and yet further on he quotes with high approval "the wise and far seeing" Viscount Grey, who says: "As long as the richest, most powerful, the greatest, both for population and territory, of the civilized countries of the world stands outside the League, the League will be unable to fill its destiny."

There is an abundance of other diverting Hardingiana in the speech, a new and refreshing resourceful one appearing in the observation that "on the other hand, I will not, or shall not, as you prefer submit," etc. Bravo, Senator! Grammatical criticasters are not going to catch him tripping over any "shalls" or "wills" there. He cleverly sidesteps the trip and passes on the choice from himself to the criticasters.

Mr. Cox may be wrong in asserting that the Senate seeks to annex the Presidency, but Mr. Harding would, in the event of election, invite the Senate to try the four year control plan.

The outook is that the man who stokes the furnace next winter will come down with a smudge on his face and the supercilious air of the richer-than-thou type.

"Belgium will not intervene in the Rosso-Polish affair." Belgium is, in fact, not yet beyond convalescence.

COUNTY JUDGE'S BROTHER IS HELD IN $3000 BAIL

New York, Aug. 31.—William D. Tienan, brother of Harry J. Tienan county judge of Brooklyn, was arrested by Federal authorities in Brooklyn today and later released on $1000 bail on each of two charges of selling liquor and falsifying records.

A charge of transporting and selling liquor was also filed today against Howard Tienan, a cousin of Judge Tienan and William D. Tienan. He has been ordered to appear in Federal Court for arraignment September 22.

The name of William D. Tienan was first connected with the alleged illicit sale of liquor last week by prohibition enforcement officers interested in the investigation of the death of Frederick Eckert, said to have been killed on Staten Island a week ago by agents of an alleged whisky ring."

Shortly afterward Judge Tienan was succeeded as acting police magistrate in Staten Island by Magistrate George S. Simpson. The change was ordered by Mayor Hylan.

FARMING IMPLEMENTS ORDERED FOR VILLA

El Paso, Texas, Aug. 31.—Luis Montes de Oca, Mexican consul general here, announced today he had been ordered by his government to purchase thousands of dollars worth of agricultural implements for Francisco Villa, former revolutionary leader, and his men.

The implements will be bought by the Mexican Government and donated to "Farmer" Villa and his men, de Oca said. They will be shipped from El Paso to Villa's ranch Canutillo.

Among the items to be purchased, he said, are 600 plows, harness for 600 mules, two tractors, 20 mowing machines, two threshing machines, 40 scrapers, two long automobile trucks one automobile and corrugated iron for roofing two large warehouses.

CENSUS FIGURES FOR FOUR VIRGINIA TOWNS GIVEN OUT

Washington, D. C., Aug. 31.—Census figures on Virginia towns were given out today as follows:

Chase City, 1,646; South Hill, 1,074; Blacksburg, 1,095; Christiansburg, 1,341.

HARRY B. SMITH BECOMES "DRY" HEAD TOMORROW

Richmond, Virginia, August 31.—Harry B. Smith, of Culpeper, will take charge of the office of State Prohibition Commissioner tomorrow He will move the office to the fourth floor of the Lyric Building, and will make a complete reorganization of the force, both in the office and in the field.

Mr. Smith was here yesterday and spent the day familiarizing himself with the details of the office and preparing to take charge tomorrow.

Rev. J. Sidney Peters, who retires from the position, will at once take up his duties as State organizer for the Allied Citizens' Association, to which place he recently was appointed.

Mr. Smith was elected to the office of State Prohibition Commissioner by the last Legislature, after a bill had been adopted abolishing the office September 1, 1922, and after one of the most spectacular legislative contests witnessed in the General Assembly in years.

UP-TO-DATE BURGLARS IN PARIS MAKE USE OF GAS

Paris, Aug. 31.—Asphyxiating gas is the latest weapon of Paris crooks. Penetrating the home of Gustave Courtois at Lassy, near the capital, the burglars set off a projectile of phosgene gas, which they had apparently stolen from war stores. Waiting until the occupants were stupefied by the fumes, the robbers wearing gas masks, looted the house at their ease and escaped.

CONEY ISLAND DESERTED BY ALL BUT RESIDENTS

Coney Island bore last night a post Mardi Gras aspect. Surf avenue and the Bowery were deserted and holders of many concessions closed because of the lack of business. The residents of the island had the place to themselves. The hysteria of the first day of the strike having passed, owners of omnibuses were charging reasonable prices for carrying strike bound workers to and from the Atlantic Avenue subway station.

BOOKS OPEN 2 DAYS, BUT NO WOMEN PAY POLL TAX

Petersburg, Aug. 31.—Although the books have been open to the fair sex for the last two days, so far not a single woman of Petersburg has paid poll taxes here. Although there is a small organization here, the women of the Cockade City are not especially strong on exercising their rights at the polls apparently, and wise ones declare that there will not be over 20 ballots cast by them in Petersburg in the coming election.

H. L. EINSTEIN LEFT MILLION TO WIDOW

New York, Aug. 31.—Henry L. Einstein, former owner of the New York Press who died in February 1918, left a gross estate of $1,215,536 and a net estate of $1,150,637. A tax appraiser's report was filed yesterday in the Hall of Records.

WORK OF WAR HISTORY COMMISSION NEARS CLOSE

Richmond, Aug. 31.—Reports on work that has been accomplished will be made at a general conference of section chairmen, field agents and others engaged in gathering data for use by the Virginia War History Commission to be held in the House of Delegates in the State Capitol at 8.15 o'clock tonight.

The conference, which will be attended by prominent workers from all sections of the State, will be the beginning of the active campaign to close up and assemble matter for the final compilation.

Many chairmen are expected to report their work practically completed. It is expected that others will report progress and receive suggestions and instructions as to how best to proceed.

The meeting will be held under the auspices of the executive committee of the Virginia War History Commission.

Chairman Arthur Kyle Davis said yesterday that this would be the most important conference held by workers of the commission, and that it should mark a distinct epoch in the work the commission is trying to accomplish.

Chairman Davis yesterday sent telegrams to the Governors of West Virginia and Pennsylvania and the members of war history commissions of these States, asking that they attend a joint conference in Richmond next Saturday night for the purpose of gathering data on the Eightieth Division, which is to hold its annual convention here the latter part of this week.

Governor Davis also is asked to participate on the part of Virginia.

ROMAN TOMBS FOUND IN HOLLAND GRAVEL PIT

Rotterdam, Aug. 31.—Four Roman tombs, built in the Third Century and containing golden objects, urns, glass work, pottery and bones were found in a gravel pit near Heerlen in Dutch Limburg. Many of the things are of great scientific value and further excavations will be made.

FLYER LIVES SIX WEEKS ON "SAGEBRUSH BUNNIES"

Washington, Aug. 31.—On account of defect in his plane Earl Allor, a former army field pilot, was obliged to alight in a Nevada desert. He remained there six weeks, making repairs, before he was able to fly away. During that time he lived on Jack rabbits, "sagebrush bunnies," according to War Department air service bulletin today.

WILSON ANSWERS MINERS ULTIMATUM

(Continued from page one)

The President further told the miners that if their communication was intended as a threat they could rest assured that the challenge would be accepted and that the people of the country would find some substitute fuel to tide them over "until the real sentiment of the anthracite mine workers can find expression and they are ready to abide by the obligations they have entered into."

Although the President approved the findings of the majority commissioners, he rejected as outside their jurisdiction their plan of part-payment of the back pay, which the miners are to receive, and directed that this be stricken out of the report. Instead of part-payment the men are to get all their back pay from April 1 at once. The President has refused to receive and make public as a part of the minority report a long list of documents which Mr. Ferry had offered on the ground that they are a part of the testimony and it would be unfair to publish testimony on one side of a question without publishing that on the other side at the same time.

BANDITS ATTACK PAYMASTER'S AUTO

Mt. Carmel, Pa., Aug. 31.—An attempt to murder guards and steal approximately $130,000 being carried by automobile to pay employees at Richards and Richards No. 4 Collieries late this afternoon was frustrated by the nervousness of the bandits.

The money had been taken from a train at Richards Crossing, and as the auto reached a lonely spot en route to the Susquehanna Collieries Company operations eight sticks of 60 per cent. dynamite exploded a short distance in front of the car in the middle of the road.

The auto stopped, and it was found that wire led from a hole in the road to a battery 75 yards up a hill, from where the bandits, seeing they had touched off the explosion prematurely escaped into the bush, one losing his hat.

Another charge of eight sticks of dynamite nearer the car had failed to explode.

Scores of officers rushed to the scene and the whole place was surrounded by a cordon of State police.

ADOPT HEADSTONE TYPE FOR SOLDIERS' GRAVES

Washington, Aug. 31.—A suitable and simple style of headstone to mark the final resting place of the American soldiers who lost their lives in the World War has been adopted by the War Memorials Committee. Secretary of War Baker announced today.

The headstones will be uniform throughout, irrespective of rank, Mr. Baker said, and no other form of marking will be permitted where the soldiers are buried in national cemeteries, either here or in Europe.

"Wives, parents or other relatives of the dead soldiers have the right to have the bodies of their loved ones interred elsewhere than in national cemeteries," said Mr. Baker, "In such event. they, of course, may put up any form of memorial they may wish."

Mr. Baker estimated that about 25-000 headstones will be sent abroad.

EXTRAVAGANCE TO END

Not Enough Alarm Clocks Being Bought, Says R. S. Official

Harrisburg, Pa., Aug. 31.—People are buying too many diamonds and not enough alarm clocks, declared William J. Rose, division freight agent of the Pennsylvania Railroad for Central and Eastern Pennsylvania, today, at a luncheon before the Rotary Club.

Mr. Rose, who has been visiting various counties, said, however, that he thought people would soon be looking up the price of overalls a bit and not show as much interest in silk shirts. Indications are that the period of idle ness and extravagance will end before long.

DECLARES LUNGS RATHER THAN HEART PUMP BLOOD

Washington, Aug. 31.— George Anston, of this city, has started a discussion among American scientists by inventing a machine which proves, he says, that the lungs and not the heart, pump blood through the human system.

"We breathe for two purposes," he says, "to force the blood into circulation and to keep our body heat in an even temperature.

"The air does not purify our blood as the old theory tells us, but cool air cools the thin walls of the blood capillaries.

"Medical men, in time will realize the truth of this proposition and the science of physiology will be greatly improved."

DENIES NEWSPRINT MERGER

International Company Not In Any Deal Says Dodge

New York, Aug. 31.—Philip T. Dodge, president of the International Paper Company today authorized a statement denying reports that his company was a party to a "giant merger of paper and pulp interests in Canada." In his statement Mr. Dodge said further:

"The International Paper Company is not proposing to part with its mills their control, or the sale of its products.

"In addition to its various newsprint mills in the United States, it is now pushing to completion at Three Rivers, Canada, a mill with a capacity of 240 tons per day. It is expected that this mill will be in operation some time during the summer or fall of 1921.

"The International Paper Company is not engaged in profiteering or in stock promotions. The 400 publications to which it furnishes paper have been offered the continuation of their existing contracts through 1921, limited only by the possible volume of our newsprint production."

GRAND JURY TO PROBE CLAIMS AGAINST PONZI

Boston, Aug. 31.—The operations of Charles Ponzi's Securities Exchange Company and of the Old Colony Foreign Exchange Company will be the subject of investigation by the Suffolk county grand jury, which has been called into session next Wednesday.

Attorney General Allen, who has before him the claims of some 11,000 persons for more than $5,000,000 against the Ponzi project, and of several hundred creditors with claims of $300,000 against the Old Colony Company, made requests today that the grand jury be convened in special session to hear the evidence which he has obtained.

For the present, action in the State courts against Ponzi will have no effect, as he is a Federal prisoner on charges of using the mails with fraudulent intent.

Three of the officials of the other quick-rich enterprises are at liberty on bail under charges of larceny.

ACCUSED OF OFFERING BRIBE TO "DRY" AGENT

New York, Aug. 31.—Samuel Heitner, who conduts millinery business at 21 West Thirty-eighth street, was arrested today on a complaint alleging he gave a box of cigars and $25 to a prohibition inspector, so Louis Heitner, his brother, would be assisted in obtaining a permit to sell intoxicants.

George E. Golding, a special agent of the Internal Revenue Bureau, brought the charge against Heitner, and based it on what he saw and what he said the prohibition inspector had told him.

Heitner was held in $2500 bail for a hearing September 3.

U. S. SPRINTER ARRESTED BY BELGIAN GENDARMES

Antwerp, Aug. 31.—M. M. Kirksey of San Francisco, an American sprinter, was assaulted handcuffed and taken to the police station this afternoon by Belgian gendarmes, who, unable to speak English, blocked Kirksey from entering the American dressing rooms at the stadium.

Kirksey had just returned with Charles W. Paddock, of Los Angeles, another sprinter, from Paris for the medal presentations. He had tickets, but when he tried to enter the dressing rooms he was attacked by the gendarmes, who had orders to the effect the rooms were to be used today only by football players.

TO LIGHT BROADWAY

Church to Have Big Electric Sign on Great White Way

New York, Aug. 31.—Broadway electric signs that emblazon the merits of chewing gum, corsets, plays, cabarets and the like are soon to have an ecclesiastical rival. The Rev. Dr. John G. Benson, pastor of the Union Methodist Episcopal Church, at Forty-eighth street and Broadway, has announced plans for the erection of a great electric sign that will vie with all others along the "gay white way."

It is to be the largest and most brilliant electric church sign in the world, and will display the announcement: "Union church and social center; always open." Above this will be a brilliant cross. Red, white and blue lamps will outline the American flag underneath.

SUFFRAGE WON; NOT PAID FOR

Miss Alice Paul Sends Out Appeal to Make up Deficit

Washington, Aug. 31.—A general alarm has been sent out by the National Woman's Party for funds with which to meet past expenses and keep the pot boiling in the immediate future. An appeal for donations is being sent to 6,000 suffragists in all parts of the state.

"The woman suffrage victory is won but not paid for," Miss Alice Paul said yesterday afternoon. She explained that the contest in Tennessee cost $12,000 and this has not been settled. The money was expended for maintaining a large staff of organizers in Tennessee, for salaries and traveling expenses and the general expenses incident to the three fold campaign for the thirty-sixth State.

10-STORY ADDITION TO WILLARD HOTEL

A permit was issued yesterday for the erection of a ten story addition to the Willard Hotel. The annex, which will contain 120 rooms, will be built at an estimated cost of $b00,000, and is to be erected on the site now occupied by a bank building, which is vacant, at 1414 F street, northwest.

OHIO WOMAN DIES AT 110

Zanesville, Ohio, Aug. 31.—Mrs. Sarah Ann Seevers, 110 years old, reputed to be the oldest woman in the State, died here last night. Death was due to a paralytic stroke suffered Friday. Eight children 36 grand children, 27 great grandchildren and 3 great great grandchildren survive.

PROBERS MAY CALL COX TO TESTIFY

Chicago, Aug. 31.—Denials and counter-charges based on trival circumstances may cause the Senate Campaign Fund Committee, which began its hearings here today, to request Governor Cox personally to bring further proof in support of his charge that the Republican party is "trying to buy the Presidency."

During the course of his rejection of the Cox charges before the committee today, Chairman Hays, of the Republican National Committee, made some admissions which Democratic hearers said, tended to give substance to the statement made by Governor Cox that the money interests of the country are aligned squarely in support of Mr. Harding, the Republican candidate.

BROOKLYNITES WALK WHILE CARS ARE IDLE

New York, Aug. 31.—With the strike-bound Brooklyn Rapid Transit system only able to operate 61 two-car elevated and subway trains and no surface cars at all, great throngs of Brooklynites went home last night on motortrucks, furniture vans, busses, and vehicles of every description. Other thousands walked across the East River bridges, which were a mass of hurrying humanity.

Those who were lucky rode in the Interborough subway, which has one line running to Brooklyn. This road was crowded to capacity.

RECEIVED NEWS OF RICHMOND'S FALL

Boston, August 31.—William E. Kettles, who, as a boy telegrapher, received the message announcing the fall of Richmond, died yesterday at his home in the Charlestown district He was seventy-two years old.

Kettles was manning a wire at the War Department offices in Washington on the morning of April 3, 1865, when the operator at Fortress Monroe cut in and instructed him to make adjustments to take a message from Richmond, which had been within the Confederate lines. The boy made the adjustments and took this message to Secretary Stanton:

"We entered Richmond at 8 o'clock this morning. G. Weitzel, Brigadier-General, commanding."

As the news spread through the city a crowd gathered outside the office. Secretary Stanton lifted young Kettles up to the window and shouted:

"Here is the lad who received the message."

Mr. Kettles had been actively at his key up to a year ago.

INTEREST IN SUGAR LAGS

Cuban Holders Offer Raw Product at 11 Cents; Best Bid is 8 Cents

New York Aug. 31.—Poor demand for refined sugar has led to absence of interest in the New York sugar market. Cuban holders are ofering raw sugar at 11 cents a pound cost and freight. while the best bid in the market is 8 cents. There was a small sale of Peru sugar at 9 7-8 cents c i f., which is equivalent to 10 1-8 cents for Cuban.

There was a small export inquiry in the market, but not of sufficient volume to affect prices.

Try a want ad in the Gazette for results.

REDS MAKE HEADWAY IN DRIVE ON LEMERG

(Continued from Page One)

confirm with this act that the front in the east answers our aspirations."

The Polish Presidency goes on to say that there are only two solutions of the Russian problem—either to march forward and crush the Reds so completely that they will be forced to speak with the Poles in another tone, or remain on the illusory frontier and conclude peace as promptly as possible.

"Our friends desire that the Poles shall remain stationary on the Eastern front," added President Pilsudski, "maintaining a purely defensive attitude. My opinion is that this is impossible. How can Poland, with its small army, badly munitioned, remain on a fixed front of hundreds of miles? Such lines should have trenches and protecting rows of barbed wire, and to carry sufficient wire to the lines would occupy the entire railroad system for months.

Washington, Aug. 31.—General accord with the views of the United States as to Russia has now been expressed by all of the Allied powers except two—Great Britain and Japan.

A formal preliminary statement of Italy's concurrence, transmitted through the counselor of the Italian Embassy, has been received, while similar assurances have reached the State Department from Poland.

The French attitude was disclosed in the note recently published, prompted by the American answer to the Italian inquiry as to the position of the American Government. The preliminary assurances from Italy are to be confirmed in a formal note as soon as the Italian Premier returns to Rome.

In transmitting this information, the Italian counselor took occasion to express the thanks of his government for the American note to which reply is to be made.

VIRGINIA NEWS

Lynchburg—Lawrence H. McWane, president of the Lynchburg Foundry Company, today announced the sale of that company's cast iron plant at Anniston, Ala., to an Alabama syndicate headed by Governor Kilby. The price is understood to be around $200,000.

Petersburg—Already the mother of triplets who are 3 years old today, and twins who died shortly after birth, Mrs. L. Palmer wife of a cotton mill employe, last night again had twins born to her. Mr. and Mrs. Palmer were married 8 years ago, and the first child is now a pupil in one of the local schools. Then came three and 2 years later the twins.

Norfolk—People in the vicinity of Main and Granby streets were startled yesterday afternoon when flames suddenly burst from a baby carriage. W. V. Tynes was severely burned aobut the arms in rescuing the baby and a passing autoist extinguished the flames with an extinguisher. The baby was scarcely harmed. The mother was prostrated A carelessly tossed cigarette, which fell in the carriage, is responsible for the damage.

Lynchburg—The Sunday School training school of the Virginia conference, Methodist Church, will begin Tuesday at Randoph-Macon Woman's College and last until September 8. About 200 persons have registered for the course and they will come from all over the bounds of the conference.

Richmond—Leaving approximately $340,000 to the Virginia Christian College, at Lynchburg, and other church and charitable bequests amounting to approximately $240,000 and bequeathing $320,000 to members of his family, the will of the late T. Archibald Cary, of Richmond, was yesterday probated in the circuit court of Goochland county.

Charlottesville—The long drawn out investigation by a coroner's jury impaneled to inquire into the death by shooting of Miss Carrie Easton, pretty silk mill weaver, on July 26, was concluded yesterday, the finding being that death was due to a bullet wound from a pistol in the hands of some person unknown to the jury

Danville—W. T. Swann, Danville's oldest insurance agent, left an estate of $15,000, according to his will which was admitted to probate in the office of the court on Saturday. The estate is divided among his 3 brothers and his nephew.

Lynchburg—The Chesapeake and Ohio Railroad was blocked yesterday afternoon by a landslide 5 miles west of Lynchburg. A freight ran into the slide about noon, derailing the engine and two cars.

Bristol—T. J. Newman, assistant postmaster at Wallace, Va., who was struck by an automobile at that place, has been brought to a local hospital. He is reported to be in a serious condition. He suffered a fractured skull, which resulted in paralysis of his right side.

BANDIT BLAMED IN AUTO DEATH

Evanston, Ill., Aug. 31.—Declaring a bandit held them up and killed her companion, Mrs. Gladys Jacobson, 32, drove her automobile to a hospital here today with the body of H. B. Rhodes, 30, wealthy merchant, in the seat beside her.

Police held Mrs. Jacobson. She is the mother of a 10 year old boy. Rhodes is the father of a 5 year old girl.

Mrs. Jacobson said they were driving along a road when a roadster drew up to their car. It carried only the driver, who drew a revolver and ordered Rhodes to stop.

Rhodes, she said, fired at the man, who returned the shots, wounding Rhodes twice. The bandit turned and fled, Mrs. Jacobson said, while she sought medical aid.

MME. BERNHARDT ILL

French Actress is Suffering From Congestion of Lungs

Paris, Aug. 31.—Sarah Bernhardt is suffering from a congestion of the lungs and an inflammation of the kidneys, and is confined to her bed.

Her illness is due to a motor trip which she took a few days ago from her summer home at Belle Isle to Paris. The attending physicians are not apprehensive of serious developments, but the start of Mme. Bernhardt's English farewell engagement will be delayed for several weeks at least.

BREAD MIXER KILLS WOMAN

Chicago Crowd Threatnes to Lynch Her Husband

Chicago, Aug. 31.—Caught when she slipped and slowly dragged into the maw of a huge bread mixer Mrs. Philomena Mustaci, mother of two children, met her death yesterday in her husband's bakery. A crowd of 75 people, attracted by the woman's screams, gathered at the front door of the bakery, believing she had been thrown into the machine by her husband.

They demanded that Mustachi be surrendered to them, but dispersed on the arrival of the homicide squad

HAYS REFUTES CHARGES

Denies Flatly Any Such Quotas for Campaign as Claimed by Governor Cox

Chicago, Aug. 31.—Record of the finances of the Republican National committee were laid before the Senate subcommittee investigating campaign expenditures today when Fred Upham, republican national treasurer, took the witness stand at the campaign fund probe here. Upham was the first witness called by the committee today.

The Republican treasurer submitted voluminous lists of contributors to his party's funds, together with the recorded amount of their contributions. He assured the committee other records of his office were at its service.

"There has come into my hands $618,013.74 since June 14." Upham told the committee. "There have been 12,389 contributors to the State campaign, averaging $82.11. I submit here a list of every contributor."

"What was the largest contribution?" he was asked.

"None in excess of $2,500. The number of subscriptions or more than $1,000 are eight, totaling $13,520, an average of $1,687.50."

Upham testified, in response to a query, that he knew of no subterfuges where members of the same family have contributed sums in excess of $1,000.

SPENDS $2,500 A YEAR TO FEED ARMY OF CATS

London, Aug. 31.—The largest cat owning body in the world is the port of London. It spends $2,500 annually in feeding its vast feline "army" required to deal with the rats and mice of the London wharves, according to the port budget, just published.

Oil to Be Lower? "Sure" Says John D. Then He Gives traight Dope

Saranac Lake N. Y., Aug. 31.—John D. Rockefeller who is visiting his brother, William at the latter's camp near Paul Smith's met a motorboat owner on St. Regis lake, and the motor boat man ventured to ask the oil king if gasoline ever was going to be any lowe.

"Oh, yes," said Rockefeller. "It is bound to be lower so long as the public continues to consume more than the wells of the country are producing!"

He ginned and embarked with his brother in Leo Kelly's motor boat, leaving the questioner scratching his head. Rockefeller and his party went for a two-hour tour of the upper and lower St. Regis lakes with Kelly and when the oil king disembarked he shook hands with the guide and remarked:

"This is the most fun I've had for $10 in twenty years."

He gave Kelly a $10 bill, $8 for boat hire and $2 as a tip.

FIRE CHIEF QUITS

Chief Wagner Succeeded by George S. Watson

Washington, D. C. August 31.—Frank J. Wagner, chief of the District Fire Department, resigned yesterday to retire, and George S. Watson, present fire marshal, was appointed by the Commissioners to succeed the veteran, to take effect tomorrow morning, September 1.

The resignation of Chief Wagner, who has been in the department for 41 years and chief for 12 years, was reported to the District yesterday afternoon. A conference of the Commissioners was called immediately. Louis Brownlow later called Watson to the conference and informed him of his appointment as chief.

PLAN FAIR AT INDIAN HEAD

Indian Head, Md., Aug. 31.—Arrangements have been completed to hold a two day fair on the Naval Proving Grounds here September 10 and 11. The fair will be open to the public, but only government employes of the Naval Proving Grounds and their families will be entitled to exhibit. There will be baseball games, races, athletic events and other features. It is the plan to make the fair an annual event. Special boats between Washington and Indian Head will be run during these two days.

Capt. J. W. Greenslade, U. S. N., inspector of ordnance, is in charge of the arrangements.

N. Y PAINTERS DEMAND $10 DAY, FIVE DAY WEEK

New York, Aug. 31.—Fifteen thousand painters and decorators in the New York district yesterday notified contractors that they have have agreed upon a new wage scale, calling for $10 a day and a five day week. The ythreaten to strike if their demands are not met.

BURN WOMEN IN CHURCH

Paris, August, 31.— Dispatches from Constantinople today report the massacre of 400 Armenians by Kurds in Anatolia.

The Kurds shot the men, but the women and children were locked in a church and burned to death, the dispatch says.

D. C. DEMOCRATS ASKED FOR $5,000 FOR CAMPAIGN

Robert N. Harper made public today a telegram he received from Wilbur Marsh treasurer of the democratic national committee, asking him if, as District representative on the national finance committee, he could "send $5,000" as the District's quota.

To help elect President Wilson the District raised about $50,000, Mr. Harper recently stated.

PRINCE REACHES HONOLULU.

Honolulu, August 31.—The Prince of Wales arrived today on the British battleship Renown. No ceremony marked his arrival. The prince will remain three days.

GUARD HELD READY TO CURB RACE RIOT

Oklahoma City, Okla., Aug. 31.—Local units of the Oklahoma National Guar were under orders today to hold themselves in readiness for duty a sa result of the lynching here Sunday night of Claude Chandler, a 19 year old negro. Although rumors were current yesterday and last night that race troubles were brewing the night passed quietly.

Charging that the sheriffs of Tulsa and Oklahoma counties, where lynchings occurred Saturday and Sunday nights, respectively were "in collusion with the leaders of the mob or else were wholly unfit through lack of physical courage to discharge the duties of their offices," Governor J. B. A. Robertson has sent a letter to the attorney general's department directing that immediate steps be taken to remove the sheriffs from office.

(wyelwaymorsN dom od hod o ohd

Governor J. B. A. Robertson has offered a reward of $500 for the arrest and conviction of any member of the mob which acted here, or any member of the mob which lynched Roy Belton, confessed slayer of Homer Nida, taxicab driver at Tulsa. Nida, died early Saturday, after being sot the night of August 21.

Tulsa, Okla., Aug. 31.—District Judge Owen has summoned a special grand jury to be convened September 13 to investigate the lynching here Saturday night of Roy Belton, alias Tow Owens, for the murder of Homer Nida, taxicab driver.

STRIKE OIL IN WYOMING

Ten Wells Are Spouting 150 Barrels Per Day

In the world wide struggle for oil, discovery of a new field in eastern Wyoming, 100 miles east of Salt Creek and four miles from the South Dakota line, is announced by the United States Geographical survey. It is known as the Mule Creek filed. The Geographical Survey says:

"The presence of petroleum in this region had long been suspected and considerable drilling had been done. Geologists have drilled a test well that proves to be the discovery well of the field.

The production of this first well was small compared with wels in teh nearby Lance Creek field, but its success stimulated extensive drilling, and ten wells on the southeastern anticline were soon each producing daily 125 to 150 barrels of oil of high grade."

CROSSINGS CAUSE DEATH OF 1,000 EACH YEAR

Chicago, Aug. 31.—A thousand people killed and three thousand injured.

That is the annual toll of automobile accidents at railroad grade crossings, as shown by the report of the National Safety Council. Millions have been spent by railroads to safeguard lives, but, nevertheless this is the average each year for such fatalities.

Automobile accidents, it is pointed out, are increasing in almost mathematical ratio to the increase in automobiles. A tightening up on traffic violators with more rigorous prosecution, is believed to be the only solution to the serious problem

LEAVES COLLEGE $340,000

Richmond, Va., Aug. 31.—Leaving approximately $340,000 to the Virginia Christian College at Lynchburg and other church and charitable requests amounting to approximately $240,000, and bequeathing $320,000 to members of his family, the will of the late T. Archibald Cary of Richmond, has been probated in the circuit court of Goochland county.

For results try a classified ad in the Gazette.

YOUR RED CROSS

The American Red Cross, by its Congressional charter, is officially designated:

To furnish volunteer aid to the sick and wounded of armies in time of war, in accordance with the conventions of Geneva.

To act in matters of voluntary relief and as a medium of communication between the American people and their Army and Navy.

To continue and carry on a system of national and international relief in time of peace and to apply the same in mitigating the sufferings caused by pestilence, famine, fire, floods and other great calamities.

To devise and carry on measures for preventing these causes of suffering.

FIRST AID TRAINING TO MEN AND WOMEN

American Red Cross Is Teaching Hundreds of Thousands Life-Saving Methods.

The purpose of instruction in First Aid to the injured offered by the American Red Cross is to train men and women to administer First Aid treatment promptly and intelligently when emergencies demand it. First Aid treatment is not intended to take the place of a physician's service. A surgeon should always be summoned as a precautionary measure where there is an injury of any consequence, but when one cannot be secured a few minutes' delay may mean a fatality. In such a case a person trained in First Aid is invaluable not only to the individual, but through him to the community in which he lives.

There is perhaps no way of ascertaining the number of deaths or serious disablements which result from lack of proper safeguards or prompt emergency treatment. It is safe to assert they number thousands daily. There can be no doubt that the application of First Aid methods to each case would immeasurably lighten the country's toll of suffering and death.

The dissemination of First Aid training and information has already produced a farreaching and beneficial influence in the prevention of accidents on railroads, in mines and in great industrial concerns.

The benefit of a widespread knowledge of First Aid in the event of a great disaster, such as a train wreck, an explosion, an earthquake, etc., is obvious. Laymen who have had First Aid training can render efficient assistance. Many lives may depend upon such emergency care.

Red Cross First Aid work includes (1) the formation and conduct, through Red Cross chapters, of classes for instruction in accident prevention and First Aid to the injured among men and women in all communities and in every industry; (2) the introduction of courses of instruction in high schools and colleges.

The Red Cross is prepared to supply First Aid books and equipment at reasonable prices.

Every person in this country able to do so should, in his own interest, receive Red Cross First Aid instruction. Information about the course and instruction classes may be had at the nearest chapter headquarters.

RED CROSS EXTENDS RELIEF TO POLAND

More than $5,000,000 has been spent by the American Red Cross in aiding the stricken people of Poland. The organization has nursed the sick, fed the starving, clothed the naked, sheltered the homeless, schooled the children and cared for the orphans there. It has conducted a relentless fight against typhus, cholera and other terrible diseases. So today millions of men and women in that resurrected nation speak in grateful appreciation of "The Greatest Mother in the World."

Nearly 200 American Red Cross workers are now engaged in relief activities in Poland. Four large relief bases are in operation and eleven mobile units are in the field. During the last twelve months this organization was largely instrumental in the re-establishment of a million refugees at a cost for general relief of more than $1,000,000. Last winter one-half million war orphans were aided materially, and since then a series of large orphanages have been established to give them permanent care.

But for American Red Cross aid, officials of Poland declared recently, millions of people in that country would have perished of disease, exposure or starvation the last eighteen months. And the work there must be kept up for another year.

POPE HONORS FLAHERTY

U. S. Ambassador Host Today to Knights of Columbus

Rome, Aug. 31.—Robert Underwood Johnson, the American Ambassador, returned to Rome today from Camaldoli, where he was spending the summer, in order to meet the visiting Knights of Columbus. Tomorrow the Ambassador will give a luncheon in honor of Supreme Knight Flaherty and other leading Knights.

Pope Benedict has instructed Mgr. Cerretti, Papal Under Secretar yof State, to deliver in the Pontiff's name to Mr. Faherity the insignit of Commander of the Order of St. Gregory the Great. The presentation will be made at a dinner which the Knights of Columbus will give tonight in honor of Mgr. Cerretti.

SLAIN IN HIS CAR

Divorced Woman Tells of Duel With Highwayman in "Lovers' Lane"

Chicago, Aug. 31.—H. B. Rhodes a wealthy Chicago dry goods merchant, was shot twice and killed today while sitting in his automobile with Mrs. Gladys Jacobscon, of the Plymouth Hotel, on a long stretch of shady highway southwest of Evanston, known locally as "Lover's Lane."

Mrs. Jacobson told the Evanston police a highwayman did the shooting in a revolver duel at a range of three feet. The police said they believed her and released her when she agreed to appear at the inquest tomorrow.

The woman drove Rhodes in his car six miles to St. Francis' Hospital in Evanston, where he died two hours later after an operation had failed. He was shot in the right cheek and the right temple.

When Mrs. Rhodes was told of her husband's death by the police she said he was more shocked to hear he had

Aid for Spanish Red Cross.

The Iberian chapter of the American Red Cross, composed of Americans resident in Spain, has just contributed $490 to a fund being raised by the Spanish Red Cross and the League of Red Cross Societies for the purpose of fighting malaria.

RED CROSS ASSISTS DISABLED VETERANS

The American Red Cross is carrying on a wide program of service for the disabled World War veterans receiving treatment in United States Public Health hospitals, and those being trained through agencies of the Federal Board for Vocational Education.

In each of the Public Health Service hospitals Red Cross workers devote their time to the general welfare of the service men from the day they enter the receiving ward until they are discharged. After the soldier's discharge the Red Cross continues its friendly service through the Home Service Section in his own community.

The Red Cross maintains a convalescent house at all of the hospitals, where patients can amuse themselves after they are well enough to be up and around. Parties and picture shows in the wards are also furnished, with occasional excursions when convalescence comes.

Great service has been rendered by the Red Cross in mental cases in identifying those who have appeared in state hospitals for the insane, and helping them secure compensation due from the Bureau of War Risk Insurance.

In the Federal Board's various district offices the Red Cross worker, acting with the Home Service Section, makes necessary loans to the men, arranges suitable living conditions, helps collect evidence and supply facts to the Board, assists in "appealing cases" and settles various personal difficulties for the men. The workers also follow up and aid all men who discontinue training.

The Red Cross agents find men "lost" to the Board, help clear up delayed cases and aid the college counselors in their friendly work with the men. Many Red Cross chapters have set up recreation facilities, and in some instances living clubs, so these victims of war may have attractive surroundings and the fun which must go with effective school work.

To the American Red Cross Institute for the Blind near Baltimore, Md., more than half of all the Americans blinded in the World War have come for training. The Institute, through the Red Cross, long ago conducted an exhaustive industrial survey to determine the vocations for which blind men could be fitted. As a result, it is putting forth well trained men equipped to meet the social, civic and economic requirements of their respective communities.

MOVIES

IDLE HOUR THEATER

The big spectacular special production, "The Courage of Marge O'Doone," by Jamee Oliver Curwood, will be shown at the Idle Hour Theater today.

This feature is a tale of life in the great northwest. A bear fight, a thrilling escape from "The Nest," a combat between stalwart men and the daring of brave hearts are some of the big situations. Every member of the cast is a popular motion picture player.

INGOMAR THEATER

Gouverneur Morris' great story, "Behind the Door," which was published in Collier's Weekly, has been produced by Thomas H. Ince as a Paramount-Artcraft picture—starring Hobart Bosworth. We confidently recommend it to you as one of the strongest dramatic productions of the season. It's a story of the sea—full of action, excitement and surprise. It will be presented tonight at the Ingomar Theatre.

RICHMOND THEATRE

As a special feature at the Richmond Theatre today, a picturization of Jack London's famous novel of Alaska, "Burning Daylight," will be presented. This production is a Metro picture, featuring Mitchell Lewis in the role of the rough and ready prospector who wins a fortune in the northland wild and then risks it all on Wall street.

"Burning Daylight," is a story such as Jack London alone could write.

TWO STILLS FOUND IN COFFIN

Chicago, Aug. 31.—Thomas Barosko, a Westside undertaker, was arrested yesterday by prohibition agents, who found 27 gallons of whisky in his basement and two stils in a coffin.

RING GONE, POLICE CALLED, LEARN KITTEN WAS THIEF

Paris, Ky., Aug. 30.—The police were baffled. The diamond ring was gone and no trace or clue had been left by burglars.

Pretty Miss Effie O'Donnell, owner of the diamond, wept. She had given up all hope. She noticed her pet kitten was rolling about on the floor as if in pain, and going to the kitten found her ring fastened firmly over one of the cat's front paws.

HUNGARIAN PREMIER VICTIM OF POISONED NEEDLES

Budapest, Aug. 30.—Premier Teleky is suffering from blood poisoning. The minister of commerce, M. Rubinek, will be acting premier until Count Teleky's recovery.

There have been various rumors that the premier is the victim of poisoned needles and considerable mystery has developed in the case.

POPE POSES FOR MOVING PICTURES

Rome, Aug. 30.—For the first time in history a Pope has posed for the motion picture camera. Not only was permission granted for the filming of scenes in the Lourdes chapel grounds but Pope Benedict yesterday took a leading part, posing first with various groups and then for "close ups" and expressing much amusement at the persistence of the American photographers who went within four feet of the pontiff and snapped him smiling into the camera.

This occurred after the Pope had celebrated mass for the visiting American Knights of Columbus in the open Vatican gardens, and had given holy communion personally to each knight. Vatican officials were amazed that the Pope appeared in these scenes for about 20 minutes, which proved the most complete pictures ever taken of Vatican ceremonies.

SIX DEAD IN RIOTS

Ireland Aflame—100 Injured Women In Death List—Lord Mayor of Cork Near Death

Belfast, Ireland, Aug. 31.—A fusillade of shots from a military armored car caused a stampede on Royal avenue, the chief business street, early this evening. Two persons were killed. The total deaths for the day is six and since the start of the rioting seventeen. The wounded number more than 100. There have been nearly 100 arrests.

The situation remains threatening. The death roll includes one boy, Robert McAlpine, aged 11 and two women.

London, Aug. 31.—Terence MacSwiney, hunger-striking lord mayor of Sork who has completed his eighteenth day without food, is not expected to live until morning, according to several persons who visited him in Brixton jail late this afternoon. The prison authorities have permitted his brother John to remain constantly at the bedside.

The Labor Council of action, the greatest non-government unit of power in Great Britain today, sent a plea to the premier asking the release of MacSwiney. The message was signed by J. H. Thomas, Arthur Henderson and William Adamson.

The guard around the government offices in Downing street has again been increased, this time because of a resolution by the Sinn Fein at Glasgow to wipe out the British cabinet in event the Lord mayor dies.

Mrs. MacSwiney has given up hope of his life. "Even if my husband is released and moved," she said, "the prison doctor can give me no hope. I do not believe that he can live for thirty-six hours. His vitality is very low."

It was learned today from an official government source that the lord mayor will not be permitted to die if death can be prevented. As quickly as he loses consciousness restoratives will be used.

The absence of fever was indicated today by a normal temperature. The pulse is very low. There is not a single sign of impairment of the lord mayor's mind.

One of his visitors today was the lord mayor of Dublin.
